Profile

Second-year Music Production, Performance and Business student at the University of Westminster. I produce, mix and master in Logic Pro as MAXRØ, play piano, make music theory videos as @maxro_cactus, and co-founded the Westminster Music Society. I'm at my best bringing people together: I organise, make sure everyone is heard, and I'm happy to introduce myself to anyone. Building a freelance career in production, teaching, content and events; open to part-time work and internships in London.

Education

2025–2028 · BA (Hons) Music Production, Performance and Business, University of Westminster: Work Based Learning, Music Marketing, Applied Production, The Live Industry

2024–2025 · Rochester Independent College, Kent: BTEC Music Production D*; A-Levels French A*, Digital Media A, Business C

Music experience

Apr 2025 – present · Artist, Producer & Composer, MAXRØ

- Write, produce, mix and master in Logic Pro; releases since March 2025 include *where?*, *Fl0at* and *Maman, je saigne* (with singer Gracie)
- *??¿* (in progress): an ambient project opening with *where?*, with contemporary dancer Ernie Shorten dancing to the tracks for a video series
- *Behind the fence* (EP, planned for mid-2027): botanica, EDM and indie electronic built from nature and ambient sounds; three tracks finished
- *perdu* (personal project, Dec 2025 – Jan 2026): two tracks, *perdu.000* and *perdu.001*, built on MIDI recorded from the plants in my living room after reading Jean Thoby's work on plant music; synths designed in Vital and Serum 2; MAXRØ character animated frame by frame in Procreate; presented for my first-year Music Artist Identity assessment
- Original score for a student short film on mental health, entered into the Kodak international competition

- Recorded and mixed a three-hour session for another student artist in November 2026, booking the room and the microphone myself

Mar 2025 – present · Music Content Creator, @maxro_cactus (TikTok, Instagram, YouTube)

- Piano and theory videos (easiest chords for beginners, *Steal These Chords*, *Learning Jazz Standards*, original compositions); some videos above 300k views on Instagram; recorded, filmed and edited myself

Sep 2025 – Jun 2026 · Piano Tutor (online), Wiingy & private students

- Taught mostly beginners, with lessons built around the music they wanted to play

Apr 2026 · Project Coordinator, *Felt Like Home* EP (university project)

- Coordinated a group of eight to release on 24 April 2026; mixed and mastered every track, ran the project's Instagram (@felt_like_h0me), and wrote and produced *Fl0at* and *where?*

Oct 2026 – present · Keyboard Player & Composer, Solstice (university project, The Live Industry): planning a live indie-electronic show

Oct – Dec 2025 · Social Media Manager, Amplify Podcast (university project): ran TikTok and Instagram in a team of four

Dec 2024 · Live Sound & Stage Crew, Rochester Independent College: sound, staging and changeovers for concerts

Leadership & volunteering

Sep 2026 – present · Co-founder, President & Social Media Manager, Westminster Music Society

- Co-founded the society with Jasper Hazel to connect musicians across years and courses; recognised by the Students' Union in October 2026, with around 200 students in the community
- Set up the Musician Directory (Google Form → Google Sheet → Apps Script search page that builds member profiles); 50 members joined in the first month
- Assist with hosting, lights and sound at The Session, the weekly student gig, and act as back-up host; organised the first social in October 2026 (pub meet-up and karaoke)
- Brought in design and photography students for the society's visual identity and posters
- Run the society's Instagram (@uow_musicsociety) since October 2026: set up the account and bio, made the first series of carousels with stories, and publish them through the Instagram API with Claude; first post live in November 2026

2023 · Volunteer, Bibliothèque de Compiègne, France: every other weekend for a year, helping run children's reading and music workshops

Other work experience

Jun – Sep 2026 · Runner & Waiter, Chez Lui (fine dining), Notting Hill: food running and table service in busy services

Summers 2024–2025 · Waiter, Crêperie Madame (Compiègne) and a pizzeria (Pierrefonds), France

Skills & languages

- **Music:** piano (14 years, on and off: improvisation and composition), music theory, production, mixing and mastering, live sound; beginner on drums and guitar
- **Software:** Logic Pro, Vital, Serum 2, iZotope Neutron and Ozone, Procreate (frame-by-frame animation), CapCut, Google Workspace (incl. Apps Script), Notion, Obsidian
- **AI:** built an "external brain" (Notion + Obsidian + Google Drive) that I update daily through Claude; I use Claude Cowork and Claude Code to build tools such as the Musician Directory and my website
- **Languages:** French (native), English (fluent), Spanish (basic)
